Marriage Matters!

A new ministry will be launched at Phillips Temple....Marriage Matters Ministry.

Did you know?:

- Researchers estimate that 40% - 50% of all first marriages end in divorce and the risk of divorce is higher for second marriages, about 60%?
- The risk of divorce is higher for factors like marrying at a very early age, having less income and education, no religious affiliation, living together before marriage and a premarital pregnancy?

Good news! God ordained marriage and said, "It is not good for man to be alone. I will make a helper suitable for him." God wants marriages to be whole, loving and not end in divorce, and this is the premise upon which the Marriage Matters ministry has been established.

This ministry's purpose is to provide to couples, mentors that can help other couples by sharing their experiences, be a listening ear and offer Biblical guidance to enhance the foundation of marriage in a confidential manner. If you're engaged, have been married for a short time or for many years and you need a little support, this ministry is for you!
